¹ Starting with the 2025 Annual Report, figures are disclosed on a headcount basis instead of full-time equivalents (FTE). Furthermore, the scope of employee groups considered has been revised. To ensure comparability, the 2024 value was adjusted accordingly. The originally reported prior-year figures on an FTE basis were: 2024: 22,791.

HIGHLIGHTS OF 2025

15 Years of Research

We introduced the revolutionary anti-aging ingredient Epicelline® to the mass market for the first time in 2025. The NIVEA CELLULAR Epigenetics Rejuvenating Serum was the largest NIVEA face care launch in our history – a real milestone for our brand.

>100 Million People

We launched the new “We are not alone in feeling alone” campaign in 2025 as part of our NIVEA CONNECT social initiative. The objective is to reach more than 100 million people, present the human face of loneliness, and promote the idea of connections and closeness.

33% Lower Emissions

We reached an important milestone in 2025 – we reduced our green house gas emissions (Scopes 1, 2, and 3) by 33% in absolute terms versus 2018, thereby exceeding our reduction target of 30% for 2025.

100 Years of the Blue NIVEA Tin

Our classic product turned 100 in 2025. The blue NIVEA tin has stood for quality and closeness for a century – from Hamburg across the world.

14,000 m² of Future

In 2025, we laid the foundation stone for our new innovation center which is scheduled to open in Hamburg in 2028. Backed by an investment of €139 million, we are creating space for ideas, inspiration, and the future of skin care – a milestone for our global innovative strength.

10 Experts - 1 Consensus

A global expert consensus on the management of hyperpigmentation – comprising ten leading dermatologists – confirmed our patented active ingredient Thiamidol® as preferred solution. The results were presented at the EADV Congress in 2025 – providing impressive evidence of our leading scientific role.

WE ARE BEIERSDORF

At Beiersdorf we have been caring about skin since 1882. Beiersdorf's success is based on its strong portfolio of internationally leading brands. It is thanks to them that millions of people around the world choose Beiersdorf day after day. Our brands boast innovative strength, outstanding quality, and exceptional closeness to our consumers. By responding quickly and flexibly to regional requirements, we are winning the hearts of consumers in nearly all countries worldwide. Our successful skin and body care brands form the focus of our successful brand portfolio and each brand serves very different areas: NIVEA is aimed at the mass market, Eucerin at the dermo-cosmetics market, and La Prairie as well as Chantecaille at the selective cosmetics market. With its Hansaplast, Elastoplast and CURITAS brands, Beiersdorf also has a global presence in the field of plasters and wound care. Through the tesa brand, which has been managed since 2001 by Beiersdorf's independent tesa subgroup, we also offer highly innovative self-adhesive system and product solutions for industry, craft businesses, and consumers.
